

“ Realizziamo **porte in legno** su tuo progetto.

Trasformiamo un'idea in **un prodotto unico**.

Siamo artigiani che lavorano con **passione e maestria**.

Noi diversi da tutti gli altri, facciamo porte, **diverse da tutte le altre.** ”

*“ We make **wooden doors** based on your project.*

*We transform your idea in an **unique product**.*

*We are craftsmen who work with **passion and skill**.*

*We, different from all the others, make doors, that are **different from all the others.** ”*

AZIENDA E TERRITORIO

Da tre generazione al servizio del **legno**.

Cofas nasce nel 1985 dall'incontro di cinque artigiani, uniti dal desiderio di creare **porte in legno di qualità**, ricercando stili innovativi ed investendo in tecnologie all'avanguardia.

L'azienda cresce e si sviluppa nella **Repubblica di San Marino** diventando una realtà consolidata sia all'interno che fuori territorio, continuando in tutti questi anni a realizzare **progetti unici** caratterizzati da passione e dedizione al lavoro.

La nostra **flessibilità** ci permette di soddisfare tutte le vostre richieste specialmente quelle su misura.

Ogni vostro progetto viene realizzato dai nostri più esperti tecnici capaci di stimolare la vostra **idea di casa**.

Since three generations at the service of wood.

Cofas was born in 1985 from the meeting of five craftsmen, united by the desire to make **quality wooden doors**, researching innovative styles and investing in cutting edge technologies.

The company grows and develops in the **Republic of San Marino**, becoming a consolidated reality both inside and outside the territory, continuing in all these years to create **unique projects** characterized by passion and dedication to work.

Our **flexibility** allows us to satisfy all your requests, especially custom made items.

Each of your projects is carried out by our most expert technicians capable of stimulating your **idea of home**.

AMBIENTE

Siamo un'azienda che crede in un futuro più sostenibile a basso impatto ambientale e per questo i nostri tecnici sono alla continua ricerca di processi innovativi rivolti all'efficientamento energetico e all'utilizzo di materie prime che seguono un percorso di filiera controllata **FSC**.

*We are a company that believes in a sustainable and low environmental impact future. For this reason our technicians are continuously looking for innovative processes aimed at energy efficiency and the use of raw materials that follow an **FSC** controlled supply chain path.*

PROGETTO VERDE SAN MARINO

A seguito della discussione e approvazione dell' **Istanza d'Arengo presentata il 1° aprile 2023**, la quale richiedeva la **piantumazione di un albero per ogni nuovo nato**, la Segreteria al Territorio si è attivata per darne attuazione, considerato che il gesto che riveste la piantumazione di alberi in natura è un contributo migliorativo sulla qualità dell'aria, sull'estensione del verde e di conseguenza una maggiore sostenibilità della comunità e riqualificazione del patrimonio ambientale da lasciare alle **future generazioni**. La **Segreteria al Territorio della Repubblica di San Marino** sta lavorando per creare una sinergia tra pubblico e privato per raggiungere questo importante obiettivo. Proprio in questo ambito **Cofas Srl** da sempre sensibile a queste tematiche si è resa disponibile, attraverso una donazione di alberi all' Eccellentissima Camera, al fine di raggiungere questo nobile scopo.

*Following the discussion and approval of the **Arengo Request presented on April 1st, 2023**, that requires the planting of a tree for each new born, the Secretary of the Territory has taken action to realize it, considering that the gesture of planting trees in nature is a contribution to improve the quality of the air, the extension of greenery and consequently greater sustainability of the community and requalification of the environmental heritage to be left to future generations. The **State's Secretary for Territory of the Republic of San Marino** is working to create a synergy between public and private to achieve this important purpose. Precisely in this context, **Cofas Srl**, which has always been sensitive to these issues, has made itself available, through a donation of trees to the Eccellentissima Camera, in order to achieve this noble aim.*

VETRI

La collezione Minimal compone la nostra più ampia gamma di prodotti ed è nata per combinare perfettamente **modernità, linee essenziali e il fascino del vero legno**. I giochi di tranciato, le incisioni e i contrasti di venature realizzati manualmente da esperti intarsiatori rendono ogni porta unica.

L'intera gamma Minimal è proposta in tutte le colorazioni RAL standard e colori a campione, con finitura naturale o lucido-brillante.

*The Minimal collection makes up our widest range of products and was created to perfectly combine **modernity, essential design and the charm of real wood**. The veneer fixtures, the engravings and the grain contrasts made manually by expert inlayers make each door unique. The entire Minimal range is offered in all standard RAL colors and sample colours, with a natural or shiny-gloss finish.*

Cristian P.

La profonda conoscenza dei materiali ci ha permesso di offrirvi un prodotto unico con finiture di **altissimo livello**, in grado di trasmettere una piacevole sensazione di ospitalità.

La struttura in legno **listellare massellato** permette la massima personalizzazione della porta. Optando tra tre tipologie di profili il cliente ha la possibilità di ottenere un risultato che spazia dallo stile più moderno al più classico, a seconda delle esigenze.

The deep knowledge of materials has allowed us to offer you an unique product with finishes of the **highest quality**, capable of transmitting a pleasant feeling of hospitality.

The **solid blockboard wood** structure allows maximum customization of the door. By opting between three types of profiles, the customer has the possibility to obtain a result that goes from the most modern to the most classic style, according to its needs.

Caratteristiche tecniche:

Anta

- elementi in listellare massellato spessore 44 mm impiallacciati
- struttura perimetrale in massello nobile (no bordatura)
- bugnatura liscia 8 mm - saponetta 19 mm in mdf impiallacciata o laccata

Telaio

- listellare di abete

Cornici

- in multistrato di pioppo

Technical characteristics:

Door

- solid wood elements thickness 44 mm veneered
- solid wood trim (no wood edging)
- smooth 8 mm - shaped 19 mm mdf veneered or lacquered

Frame

- slatted fir

Architraves

- poplar ply

A black and white photograph of a man with dark, spiky hair, wearing a light-colored t-shirt, working on a wooden door in a workshop. He is leaning over the door, which is partially open, and his hands are visible. The background shows shelves with various items, possibly tools or materials.

Roberto

La vera svolta della classica porta in **legno massello**.

COFAS la interpreta in un'ottica originale e astuta, per una collezione forte e dinamica, capace di trasmettere il **fascino del legno** e tutto il suo calore.

Le porte della serie Wood vengono realizzate in vero legno massello lamellare e sono proposte in varie tipologie di effetti legno, sui quali è disponibile un'ampia possibilità di personalizzazione.

*The real turning point of the classic **solid wooden** door.*

*COFAS turns it into an original and smart perspective, to create a strong and dynamic collection, capable of transmitting the charm and **warmth of wood**. The doors of this collection are made of real solid wood and are offered in various types of wood effects, for which a wide range of customized options are available.*

Le finiture e i colori possono subire nel tempo leggere variazioni rispetto alla mazzetta colori ed hanno quindi valore indicativo. L'essenza legno essendo vero legno, possono presentarsi con differenti venature.

Over time finishes and colours can slightly change compared to the color samples and are therefore to be considered as indicative. The wood essence being real wood can have different grains.
